

Continuously striving for
asset uptime while
balancing performance
with financial sensitivity

The Azonix Barracuda 15" workstation -

the latest in computing performance with an extended environmental specification

New

The next generation Azonix Barracuda workstation offers enhanced features for control and visualisation in harsh and hazardous environments. With its ruggedised packaging, increased processing power and low power LED backlit display, the Azonix Barracuda is built to take on the challenges of today's oil & gas industry and is certified for installation across the globe.

Increasing reliability and availability

Optimising your productivity

Meeting your plant/rig safety
